DETAILED ACTION

1. This action is in response to the papers filed February 10, 2003. Currently, claims 12-14, 16 are pending.
2. Claims 12-14, 16 are allowable.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance.

Claims 12-14, 16 are allowable in view of the declaration filed by Dr. Samir Kumar Brahmachari, January 28, 2003. The declaration provides that the information within the cited SNP database entries is in fact applicant's own work and therefore does not qualify as prior art under 102(a). Therefore, the claims are allowable.

The claims are drawn to nucleic acids consisting of SEQ ID NO: 1-12 and methods for predicting risk of an individual to SCA2 by detecting the presence of two SNPs within SEQ ID NO: 13.

The art neither teaches nor suggests the presence of the instant SNPs and further fails to provide any association with the two SNP haplotypes and SCA2. Therefore, alleles specific probes and allele specific primers consisting of SEQ ID NO: 1-12 are allowable over the art.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
